ABOUT US

VALUE STATEMENT:

ISGO Manufacturing is a TS 16949 certified company with over 45 years in the Plastic Processing business. We provide plastic molded products and design solutions to a number of industries including the Automotive, Appliance, Electrical and Consumer.

ISGO currently manufactures and assembles plastic parts for class A interior and exterior Automotive components as well as safety related items that require complete traceability. We have maintained an average outgoing quality of less than 30 PPM for the past 5 years, utilizing scientific molding techniques that through process optimization minimize our rejection rates to guarantee customer satisfaction.

With multiple manufacturing locations in central and northern Mexico (Monterrey and San Luis Potosi), tooling facilities in China (Shenzhen, Shuhai, and Shanghai) and an experienced engineering team in Detroit, MI, we are an innovative supplier in the plastic processing industry with global reach with a 35% yearly growth rate.
COMPANY STATEMENT:
ISGO MANUFACTURING is a company determined to be a technological leader in plastic processing and assembly, focused in providing products to our customers exceeding their expectations with flexibility and rapid response (7/24).

CUSTOMER EXPECTATIONS
Service: Availability 365 days a year 24 hrs a Day
Quality: Less than 20 PPM’s
